

Ferrisburgh Select Board Budget Work Session
November 22, 2016
5:30 pm.

Members present: Loretta Lawrence, Steve Gutowski, Michael Muir, and James Warden
Absent: Jim Benoit

Visitors: Michael Quinn, Dennis Armell

Loretta Lawrence, Chair, call the meeting to order at 5:30 pm.

Mike Quinn presented information regarding health insurance for employees and discussed different health care plans. Discussion ensued.

Dennis Armell, representing the Ferrisburgh Conservation Commission, spoke to the board regarding increasing the budget line item for Conservation Commission from \$200 to \$500 for this next year. Dennis also spoke about the possibility of having a special article presented on Town Meeting Day. Dennis, and other Conservation Commission members were thinking about having a fund, similar to Building Maintenance Fund, that would carry over from year to year, and also would be funded each year. This fund could help the commission put on seminars, etc., for the townspeople, regarding conservation changes and land use changes. Board members stated that they thought that was a good idea. Dennis will meet with the full Conservation Commission soon and will let the board know if they want to pursue a special article on Town Meeting Day.

Next budget work session is scheduled for Tuesday, November 29, 5:30 pm.

Meeting adjourned at 6:30 pm.

Respectively submitted,
Loretta Lawrence, Chairperson
