

Town of Ferrisburgh
Town Plan Hearing #3
August 8, 2017
6:30 pm

Select Board: Members present: Loretta Lawrence, Rick Ebel, and Michael Muir, Steve Gutowski

Members absent: Jim Benoit

Attendees: Norton Davis, Craig Heindel, Arabella Holzapfel, Clark Hinsdale, Susan Hinsdale, Karen Petterson

Loretta Lawrence opened the hearing at 6:30 pm.

Loretta thanked everyone for their patience and understanding and the need for holding more than one hearing. Discussion ensued. She stated that per the town attorney, that changing the “map in question” would trigger a “substantial change”. This would mean sending it back to the Planning Commission and starting the process over. The board does not want to hold up the plan. That being said, the board stated that it would be adopting the town plan, as proposed, at the August 15 select board meeting.

Clark Hinsdale thanked the select board for taking the extra time to research the map issue. He also stated that he was disappointed that the Planning commission did not work harder at trying to resolve his map issues. Clark also stated that he respected the select board’s decision. He said that he would be very much involved with the zoning by-laws rewrite.

The board thanked everyone for coming. Hearing ended at 7:15 pm.

Respectfully submitted,
Loretta Lawrence, Chair
