INDEPENDENT AUDITORS' REPORT

Board of Selectmen
Town of Ferrisburgh
Ferrisburgh, Vermont

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Ferrisburgh, Vermont, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used, the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Ferrisburgh, Vermont as of June 30, 2016, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information and pension information on pages 4 through 10 and 43 through 46 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Ferrisburgh, Vermont's basic financial statements. The Budgetary Comparison Schedule – Budgetary Basis – Budget and Actual – General Fund Revenues, Schedule of Departmental Operations – General Fund, combining and individual nonmajor fund financial statements and capital asset schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Budgetary Comparison Schedule – Budgetary Basis – Budget and Actual – General Fund Revenues, Schedule of Departmental Operations – General Fund, combining and individual nonmajor fund financial statements and capital asset schedules are the responsibility of management and were derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Budgetary Comparison Schedule – Budgetary Basis – Budget and Actual – General Fund Revenues, Schedule of Departmental Operations – General Fund, combining and individual nonmajor fund financial statements and capital asset schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

**REQUIRED SUPPLEMENTARY INFORMATION
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2016**

(UNAUDITED)

The following management's discussion and analysis of Town of Ferrisburgh, Vermont's financial performance provides an overview of the Town's financial activities for the fiscal year ended June 30, 2016. Please read it in conjunction with the Town's financial statements.

Financial Statement Overview

The Town of Ferrisburgh's basic financial statements include the following components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also includes required supplementary information which consists of the general fund budgetary comparison schedule, and other supplementary information which includes combining and other schedules.

Basic Financial Statements

The basic financial statements include financial information in two differing views: the government-wide financial statements and the fund financial statements. These basic financial statements also include the notes to financial statements that explain in more detail certain information in the financial statements and also provide the user with the accounting policies used in the preparation of the financial statements.

Government-Wide Financial Statements

The government-wide financial statements provide a broad view of the Town's operations in a manner that is similar to private businesses. These statements provide both short-term as well as long-term information in regards to the Town's financial position. These financial statements are prepared using the accrual basis of accounting. This measurement focus takes into account all revenues and expenses associated with the fiscal year regardless of when cash is received or paid. The government-wide financial statements include the following two statements:

The Statement of Net Position – this statement presents *all* of the government's assets, deferred outflows of resources, liabilities and deferred inflows of resources with the difference being reported as net position.

The Statement of Activities – this statement presents information that shows how the government's net position changed during the period. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows.

Both of the above mentioned financial statements have one column for the town's activities. The type of activity presented for the Town of Ferrisburgh is:

- *Governmental activities* – The activities in this section are mostly supported by taxes and intergovernmental revenues (federal and state grants). All of the Town's basic services are reported in governmental activities, which include general government, public safety, highway, and education.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Ferrisburgh, like other local governments, uses fund accounting to ensure and demonstrate compliance with financial related legal requirements. All of the funds of the Town of Ferrisburgh are classified as governmental funds.

Governmental funds: All of the basic services provided by the Town are financed through governmental funds. Governmental funds are used to account for essentially the same functions reported in governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, the governmental fund financial statements focus on near-term inflows and outflows of spendable resources. They also focus on the balance of spendable resources available at the end of the fiscal year. Such information will be useful in evaluating the government's near-term financing requirements. This approach is known as the current financial resources measurement focus and the modified accrual basis of accounting. Under this approach, revenues are recorded when cash is received or when susceptible to accrual. Expenditures are recorded when liabilities are incurred and due. These statements provide a detailed short-term view of the Town's finances to assist in determining whether there will be adequate financial resources available to meet the current needs of the Town.

Because the focus of governmental funds is narrower than that of government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. These reconciliations are presented on the page immediately following each governmental fund financial statement.

The Town of Ferrisburgh presents one column in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances. The Town's major governmental fund is the general fund. All other funds are shown as nonmajor and are combined in the "Other Governmental Funds" column on these statements.

The general fund is the only fund for which the Town legally adopted a budget. The Budgetary Comparison Schedule – Budgetary Basis – Budget and Actual – General Fund provides a comparison of the original and final budget and the actual expenditures for the current year.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the Government-Wide and the Fund Financial Statements. The Notes to Financial Statements can be found following the Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of the Governmental Funds to the Statement of Activities.

Required Supplementary Information

The basic financial statements are followed by a section of required supplementary information, which includes a Budgetary Comparison Schedule – Budgetary Basis – Budget and Actual – General Fund, a Schedule of Proportionate Share of the Net Pension Liability, a Schedule of Contributions, and Notes to Required Supplementary Information.

Other Supplementary Information

Other supplementary information follows the required supplementary information. These combining and other schedules provide information in regards to nonmajor funds, capital asset activity and other detailed budgetary information for the general fund.

Government-Wide Financial Analysis

Our analysis below focuses on the net position, and changes in net position of the Town's governmental activities. The Town's total net position for governmental activities increased by \$237,051 from \$3,583,827 to \$3,820,878.

Unrestricted net position - the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements – decreased for governmental activities to a balance of \$431,008 at the end of this year.

Financial Analysis of the Town's Fund Statements

Governmental funds: The financial reporting focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information may be useful in assessing the Town's financial requirements. In particular, unassigned fund balance may serve as a useful measure of a government's financial position at the end of the year, and the net resources available for spending.

Table 3
Town of Ferrisburgh, Vermont
Fund Balances - Governmental Funds
June 30,

	<u>2016</u>	<u>2015</u>
General Fund:		
Committed	\$ -	\$ 100,000
Unassigned	216,901	124,205
Total General Fund	<u>\$ 216,901</u>	<u>\$ 224,205</u>
Nonmajor Funds:		
Special revenues funds:		
Restricted	\$ 5,038	\$ 5,038
Assigned	56,863	51,776
Capital projects funds:		
Committed	95,467	184,356
Assigned	43,576	28,756
Unassigned	(40,863)	-
Permanent funds:		
Restricted	13,511	13,467
Total Nonmajor Funds	<u>\$ 173,592</u>	<u>\$ 283,393</u>

The general fund total fund balance decreased by \$7,304 from the prior fiscal year. The nonmajor fund balances decreased by \$109,801 from the prior fiscal year.

Budgetary Highlights

There was no significant difference between the original and final budget for the general fund.

The general fund actual revenues exceeded budget by \$108,665. This was due to property taxes and other revenue being received in excess of budget.

The general fund actual expenditures were under budget by \$30,240. All expenditure categories were under budget with the exception of general government and interest expense.

Capital Asset and Debt Administration

Capital Assets

As of June 30, 2016, the net book value of capital assets recorded by the Town increased by \$514,587 from the prior year. This increase is the result of capital additions of \$684,759 less current year depreciation of \$170,172.

Table 4
Town of Ferrisburgh, Vermont
Capital Assets (Net of Depreciation)
June 30,

	2016	2015
Land	\$ 250,863	\$ 210,000
Buildings and Improvements	3,307,295	3,423,612
Machinery and Equipment	10,296	14,985
Vehicles	731,264	373,840
Infrastructure	289,306	52,000
Total	<u>\$ 4,589,024</u>	<u>\$ 4,074,437</u>

Debt

At June 30, 2016, the Town had \$912,500 in bonds outstanding versus \$997,500 last year. Other obligations include capital leases payable, accrued compensated absences and net pension liability. For additional comparative information on the Town's outstanding debt, refer to Note 5 of Notes to Financial Statements.

Economic Factors and Next Year's Budgets and Rates

The Town's unassigned fund balance has fallen to a level insufficient to sustain government operations for a period of approximately less than one month. However, the Town is working towards building a sufficient unassigned fund balance to sustain government operations for a period of approximately two months, while also maintaining significant reserve accounts for future capital and program needs.

Contacting the Town's Financial Management

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the Town's finances and to show the Town's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Town Office at P.O. Box 6, Ferrisburgh, Vermont 05456.

TOWN OF FERRISBURGH, VERMONT

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2016

Net change in fund balances - total governmental funds (Statement E)	<u>\$ (117,105)</u>
Amounts reported for governmental activities in the Statement of Activities (Statement B) are different because:	
Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense allocated to those expenditures over the life of the assets:	
Capital asset acquisitions capitalized	684,759
Depreciation expense	<u>(170,172)</u>
	<u>514,587</u>
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds:	
Taxes and liens receivable	<u>4,161</u>
Deferred outflows of resources are a consumption of net position by the government that are applicable to a future reporting period and therefore are not reported in the funds	
	<u>50,069</u>
Repayment of long-term debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position	
	<u>94,166</u>
Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position	
	<u>(252,160)</u>
Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds:	
Accrued compensated absences	4,990
Net pension liability	<u>(97,800)</u>
	<u>(92,810)</u>
Deferred inflows of resources are a consumption of net assets by the government that are applicable to a future reporting period and therefore are not reported in the funds.	
	<u>36,143</u>
Change in net position of governmental activities (Statement B)	<u><u>\$ 237,051</u></u>

See accompanying independent auditors' report and notes to financial statements.

TOWN OF FERRISBURGH, VERMONT

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Town of Ferrisburgh was incorporated under the laws of the State of Vermont. The Town operates under the selectmen-treasurer form of government and provides the following services: general government, public safety, highway, and education.

The Town's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations).

The Town's combined financial statements include all accounts and all operations of the Town. We have determined that the Town has no component units as described in GASB Statement No. 14 and amended by GASB Statements No. 39 and 61.

Implementation of New Accounting Standards

During the year ended June 30, 2016, the following statements of financial accounting standards issued by the Governmental Accounting Standards Board became effective:

Statement No. 72, "*Fair Value Measurement and Application*". The objective of the Statement is to expand comparability of financial statements among governments by requiring measurement of certain assets and liabilities at fair value using a consistent and more detailed definition of fair value and accepted valuation techniques. This Statement also will improve fair value application guidance and related disclosures in order to provide information to financial statement users about the impact of fair value measurements on a government's financial position. Management has determined the impact of this Statement is not material to the financial statements.

Statement No. 73, "*Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*". The objective of the Statement is to improve financial reporting by instituting a single framework for the presentation of information about pensions, thereby expanding the comparability of pension-related information reported by state and local governments. Management has determined that this Statement is not applicable.

TOWN OF FERRISBURGH, VERMONT

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Statement No. 76, "*The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*". The objective of this Statement is to identify-in the context of the current governmental financial reporting environment-the hierarchy of generally accepted accounting principles (GAAP). The "GAAP hierarchy" consists of the sources of accounting principles used to prepare financial statements of state and local governmental entities in conformity with GAAP and the framework for selecting those principles. This Statement reduces the GAAP hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP. Management has determined the impact of this Statement is not material to the financial statements.

Statement No. 79, "*Certain External Investment Pools and Pool Participants*". This Statement establishes specific criteria used to determine whether a qualifying external investment pool may elect to use an amortized cost exception to fair value measurement. Those criteria will provide qualifying external investment pools and participants in those pools with consistent application of an amortized cost-based measurement for financial reporting purposes. That measurement approximates fair value and mirrors the operations of external investment pools that transact with participants at a stable net asset value per share.

This Statement also establishes additional note disclosure requirements for qualifying external investment pools that measure all of their investments at amortized cost for financial reporting purposes and for governments that participate in those pools. Those disclosures for both the qualifying external investment pools and their participants include information about any limitations or restrictions on participant withdrawals. Management has determined the impact of this Statement is not material to the financial statements.

Government-Wide and Fund Financial Statements

The Town's basic financial statements include both government-wide (reporting the Town as a whole) and fund financial statements (reporting the Town's major funds).

In the government-wide Statement of Net Position, the governmental activities columns are (a) presented on a consolidated basis by column, and (b) are reported on a full accrual, economic resources basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Town's net position is reported in three parts – net investment in capital assets; restricted net position; and unrestricted net position. The Town first utilizes restricted resources to finance qualifying activities.

TOWN OF FERRISBURGH, VERMONT

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Both the government-wide and fund financial statements categorize primary activities as governmental. The Town categorizes all activities of the entity as governmental.

The government-wide Statement of Activities reports both the gross and net cost of each of the Town's functions (general government, public safety, etc.). The functions are also supported by general government revenues (property taxes, certain intergovernmental revenues, miscellaneous revenues, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants. For the most part, the interfund activity has been eliminated from these government-wide financial statements.

The net costs (by function) are normally covered by general revenue (taxes, certain intergovernmental revenues and charges for services, etc.).

The Town does not allocate indirect costs. All costs are charged directly to the corresponding department.

The government-wide focus is more on the sustainability of the Town as an entity and the change in the Town's net position resulting from the current year's activities.

Measurement Focus - Basic Financial Statements & Fund Financial Statements

The financial transactions of the Town are reported in the individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balances, revenues and expenditures / expenses. The various funds are reported by generic classification within the financial statements. Both fiduciary funds and component units that are fiduciary in nature have been excluded from these financial statements.

The following fund types are used by the Town:

1. Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Town:

TOWN OF FERRISBURGH, VERMONT

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- a. The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.
- b. Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.
- c. Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities or equipment.
- d. Permanent Funds are used to account for assets held by the Town that are legally restricted and unless otherwise specified, only earnings, and not principal, may be used for purposes that benefit the Town or its citizenry. The Town's policy for authorizing and spending investment income follows State statutes.

The emphasis in fund financial statements is on the major funds in the governmental activity category. Nonmajor funds by category are summarized into a single column, GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues, or expenses of either the fund category or the governmental and enterprise combined) for the determination of major funds. The nonmajor funds are combined in a column in the fund financial statements.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

1. Accrual

Governmental activities in the government-wide financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

2. Modified Accrual

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available.

TOWN OF FERRISBURGH, VERMONT

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

"Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

Budget

The Town's policy is to adopt an annual budget for operations. The budget is presented on the modified accrual basis of accounting which is consistent with generally accepted accounting principles.

The following procedures are followed in establishing budgetary data reflected in the financial statements:

1. Early in the first half of the year the Town prepares a budget for the fiscal year beginning July 1. The operating budget includes proposed expenditures and the means of financing them.
2. A meeting of the inhabitants of the Town was called for the purpose of adopting the proposed budget after public notice of the meeting was given.
3. The budget was adopted subsequent to passage by the inhabitants of the Town.
4. The Town does not adopt budgets for Special Revenue Funds.

Deposits and Investments

The Town's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

It is the Town's policy to value investments at fair value. None of the Town's investments are reported at amortized cost. The Town Treasurer is authorized by State Statutes to invest all excess funds in the following:

- Obligations of the U.S. Government, its agencies and instrumentalities.
- Certificates of deposits and other evidences of deposits at banks, savings and loan associations, and credit unions.
- Repurchase agreements
- Money market mutual funds

TOWN OF FERRISBURGH, VERMONT

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Town of Ferrisburgh has no formal investment policy but instead follows the State of Vermont Statutes.

Interfund Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds". While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Any residual balances outstanding between governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

Transactions Between Funds

Legally authorized transfers are treated as interfund transfers and are included in the results of operations of both Governmental and Proprietary Funds.

Allowance for Uncollectible Accounts

The allowance for uncollectible accounts is estimated to be \$0 as of June 30, 2016.

Capital Assets

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Infrastructure such as streets, traffic signals, and signs are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the estimated useful lives.

The assets are valued at historical cost when available and estimated historical cost where actual invoices or budgetary data was unavailable. Donated fixed assets are valued at their estimated fair market value on the date received. All retirements have been recorded by eliminating the net carrying values.

Infrastructure assets include roads, bridges, underground pipe (other than related to independently owned utilities), traffic signals, etc. These infrastructure assets are likely to be the largest asset class of the Town. The Town has not retroactively recorded infrastructure.

TOWN OF FERRISBURGH, VERMONT

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimated useful lives are as follows:

Buildings	20 - 50 years
Infrastructure	50 - 100 years
Machinery and equipment	3 - 50 years
Vehicles	3 - 25 years

Long-term Obligations

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term debt to be repaid from governmental and business-type resources is reported as liabilities in government-wide statements. The long-term debt consists primarily of bonds payable, capital leases, compensated absences and net pension liability.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures. The accounting for proprietary fund is the same in the fund statements as it is in the government-wide statements.

Compensated Absences

The Town's policies regarding vacation and sick time permit employees to accumulate earned but unused vacation within each year. Any unused vacation time above 40 hours not used by the end of a year is lost. Employees are reimbursed for unused vacation days when terminating employment with the Town.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Vermont Municipal Employees' Retirement System (VMERS) Plans and additions to/deductions from the VMERS Plan's fiduciary net position have been determined on the same basis as they are reported by the VMERS Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

TOWN OF FERRISBURGH, VERMONT

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net Position

Net position represents the difference between all other elements in a statement of financial position. Net position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for those assets, and adding back unspent proceeds. Net position is reported as restricted when there are limitations imposed on its use either through enabling legislations adopted by the Town or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Unrestricted net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or restricted net position.

Fund Balance

In the fund financial statements, fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the Town is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components – nonspendable, restricted, committed, assigned and unassigned.

Nonspendable – This includes amounts that cannot be spent either because they are not in spendable form or because they are legally or contractually required to be maintained intact.

Restricted – This includes amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed – This includes amounts that can be used only for specific purposes determined by a formal action of the inhabitants of the Town. The inhabitants of the Town through Town meetings are the highest level of decision-making authority of the Town. Commitments may be established, modified, or rescinded only through a Town meeting vote.

Assigned – This includes amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. The authority for assigning fund balance is expressed by the Board of Selectmen.

TOWN OF FERRISBURGH, VERMONT

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Unassigned – This includes all other spendable amounts. The general fund is the only fund that reports a positive unassigned fund balance amount. Other governmental funds besides the general fund can only report a negative unassigned fund balance amount.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balances are available, the Town considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Town considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Town meeting vote has provided otherwise in its commitment or assignment actions.

Deferred Outflows and Inflows of Resources

In addition to assets, the statement of financial position and/or balance sheet will at times report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Town currently has one type of item, deferred outflows related to pensions. This item is reported in the statement of net position.

In addition to liabilities, the statement of financial position and/or balance sheet will at times report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Town has only one type of item, deferred tax revenues, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, this item is reported in the governmental funds balance sheet. Prepaid taxes and deferred other also qualify for reporting in this category. These items are reported in both the statements of net position and governmental funds balance sheet. All items in this category are deferred and recognized as an inflow of resources in the period that the amounts become available.

Revenue Recognition - Property Taxes - Modified Accrual Basis

The Town's property tax for the current year was levied July 1, 2015 on the assessed value listed as of April 1, 2015, for all real and personal property located in the Town. Taxes were due on September 1, 2015, December 1, 2015, March 1, 2016, and June 1, 2016. Payments received after the due dates were charged interest of 1% per month. Payments received after June 2, 2016 were considered delinquent and subject to a penalty of 8% plus interest accrued at 1% per month.

TOWN OF FERRISBURGH, VERMONT

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property tax revenues are recognized when they become available. Available includes those property tax receivables collected by June 1. The remaining receivables due for the current fiscal year have been recorded as deferred revenues.

Tax liens are placed on real property within twenty-four months following the tax commitment date if taxes are delinquent. The Town has the authority to foreclose on property two months after the filing of the lien if tax liens and associated costs remain unpaid.

Program Revenues

Program revenues include all directly related income items applicable to a particular program (charges to customers or applicants for goods, services, or privileges provided; operating capital grants and contributions, including special assessments).

Encumbrance Accounting

Encumbrances are not liabilities and, therefore, are not recorded as expenditures until receipt of material or service. For budgetary purposes, appropriations lapse at fiscal year-end. The Town does not utilize encumbrance accounting for its general fund.

Use of Estimates

During the preparation of the Town's financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosure of contingent items as of the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results may differ from these estimates.

NOTE 2 - DEPOSITS AND INVESTMENTS

The Town's investment policies, which follow state statutes, authorize the Town to invest in obligations of the U.S. Treasury, agencies and instrumentalities, other states and Canada, provided such securities are rated within the three highest grades by an approved rating service of the State of Vermont, corporate stocks and bonds within statutory limits, financial institutions, mutual funds and repurchase agreements. These investment policies apply to all Town funds.

TOWN OF FERRISBURGH, VERMONT

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)

Custodial credit risk for deposits is the risk that, in the event of a failure of a depository financial institution, the Town will not be able to recover its deposits or will not be able to recover collateral securities that are in possession of an outside party. The Town does not have a policy covering custodial credit risk. However, the Town maintains deposits in qualifying financial institutions that are a member of the FDIC or NCUSIF. Town funds that may exceed insurance limits are fully collateralized with securities held by the financial institution in the Town's name.

At June 30, 2016, the Town's cash balances of \$603,627 were comprised of bank balances of \$597,759, of which \$250,000 were insured by federal depository insurance and consequently were not exposed to custodial credit risk. The remaining bank balances of \$347,759 were collateralized with securities held by the financial institution in the Town's name.

<u>Account Type</u>	<u>Bank Balance</u>
Checking accounts	\$ 70,407
Sweep account	<u>527,352</u>
	<u>\$ 597,759</u>

At June 30, 2016, all of the Town's investments amounting to \$4,000 were fully insured by federal depository insurance and consequently were not exposed to custodial credit risk.

<u>Investment Type</u>	<u>Fair Value</u>	<u>Less than 1 Year</u>	<u>1 - 5 Years</u>	<u>Over 5 Years</u>
Certificates of deposit	<u>\$ 4,000</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,000</u>

Credit risk – Statutes for the State of Vermont authorize the Town to invest in obligations of the U.S. Treasury, agencies and instrumentalities, certificates of deposits and other evidences of deposits at banks, savings and loan associations, and credit unions, repurchase agreements, and money market mutual funds. The Town does not have an investment policy on credit risk. Generally, the Town invests excess funds in savings accounts and various insured certificates of deposit.

Interest rate risk – is the risk that changes in interest rates will adversely affect the fair value of an investment. The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from fluctuations in interest rates.

TOWN OF FERRISBURGH, VERMONT

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 3 - INTERFUND RECEIVABLES AND PAYABLES

Interfund balances at June 30, 2016 consisted of the following individual fund receivables and payables:

	Receivables (Due From)	Payables (Due To)
General fund	\$ 40,863	\$ 201,731
Special Revenue funds	53,177	-
Capital Projects funds	139,043	40,863
Permanent funds	9,511	-
	<u>\$ 242,594</u>	<u>\$ 242,594</u>

Highway	90,108
Town wide	72,467
Total depreciation	<u>\$ 170,172</u>

TOWN OF FERRISBURGH, VERMONT

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 5 - LONG-TERM DEBT

The following is a summary of changes in long-term debt for the year ended June 30, 2016:

	Balance 7/1/15	Additions	Reductions	Balance 6/30/16	Current Year Portion
Bonds payable	\$ 997,500	\$ -	\$ (85,000)	\$ 912,500	\$ 190,000
Capital leases payable	62,209	252,160	(9,166)	305,203	-
Accrued compensated absences	8,523	-	(4,990)	3,533	3,533
Net pension liability	11,721	97,800	-	109,521	-
Totals	<u>\$ 1,079,953</u>	<u>\$ 349,960</u>	<u>\$ (99,156)</u>	<u>\$ 1,330,757</u>	<u>\$ 193,533</u>

The following is a summary of outstanding bonds payable:

\$185,000 bond payable to Vermont Municipal Bond Bank, annual principal payments of \$35,000 to \$40,000. Interest is charged at a rate varying from 0.904% to 1.984%. Maturity in December of 2016.	\$ 35,000
\$150,000 bond payable to National Bank of Middlebury, five principal payments of \$7,500 are due annually with a final principal payment of \$112,500 due December 31, 2016. Interest is charged at a rate of 3.95% per annum.	112,500
\$850,000 bond payable to Merchants Bank, principal payments of \$42,500 are due annually. Maturity in March of 2034. Interest is charged at a rate of 3.12% per annum.	<u>765,000</u>
Total Bonds Payable	<u>\$ 912,500</u>

TOWN OF FERRISBURGH, VERMONT

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 5 - LONG-TERM DEBT (CONTINUED)

Principal and interest requirements on the bonds payable to maturity are as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total Debt Service</u>
2017	\$ 190,000	\$ 28,659	\$ 218,659
2018	42,500	22,542	65,042
2019	42,500	21,216	63,716
2020	42,500	19,944	62,444
2021	42,500	18,564	61,064
2022-2026	212,500	72,970	285,470
2027-2031	212,500	39,805	252,305
2032-2036	127,500	7,967	135,467
	<u>\$ 912,500</u>	<u>\$ 231,667</u>	<u>\$ 1,144,167</u>

The following is a summary of the capital leases outstanding as of June 30, 2016:

\$95,150, 2013 capital lease for John Deere excavator under a non-cancellable lease agreement. The lease is for nine years with annual payments of \$12,267 through June of 2021. The effective interest rate is 4.80% per annum.

\$252,160, 2016 capital lease for one new fire truck under a non-cancellable lease agreement. The lease is for ten years with annual payments of \$30,000 through January of 2026. The effective interest rate is 3.29% per annum.

The following is a summary of outstanding capital lease requirements for the following fiscal years ending June 30:

<u>Year Ending June 30:</u>	
2017	\$ 42,267
2018	42,267
2019	42,267
2020	42,267
2021	42,265
2022-2026	<u>150,000</u>

Less amount representing interest	<u>(56,130)</u>
Present value of future minimum lease payments	<u>\$ 305,203</u>

TOWN OF FERRISBURGH, VERMONT

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 5 - LONG-TERM DEBT (CONTINUED)

All bonds and capital leases are direct obligations of the Town, for which its full faith and credit are pledged. The Town is not obligated for special assessment debt. All bonds and capital leases are payable from taxes levied on all taxable property located within the Town. The General Fund is used to liquidate the liability for the bonds and capital leases.

NOTE 6 - RESTRICTED FUND BALANCES

At June 30, 2016, the Town had the following restricted fund balances:

Nonmajor special revenue funds (Schedule D)	\$ 5,038
Nonmajor permanent funds (Schedule H)	13,511
	<u>\$ 18,549</u>

NOTE 7 - COMMITTED FUND BALANCES

At June 30, 2016, the Town had the following committed fund balances:

Nonmajor capital projects funds (Schedule F)	<u>\$ 95,467</u>
--	------------------

NOTE 8 - ASSIGNED FUND BALANCES

At June 30, 2016, the Town had the following assigned fund balances:

Nonmajor special revenue funds (Schedule D)	\$ 56,863
Nonmajor capital projects funds (Schedule F)	43,576
	<u>\$ 100,439</u>

NOTE 9 - DEFICIT FUND BALANCE

At June 30, 2016, the Town had the following deficit fund balance:

Nonmajor capital projects funds (Schedule F):	
Atkins Lot #11	<u>\$ 40,863</u>

TOWN OF FERRISBURGH, VERMONT

NOTES TO FINANCIAL STATEMENTS

NOTE 10 - OVERPSENT APPROPRIATIONS

At June 30, 2016, the Town had the following overspent appropriations:

	<u>Excess</u>
General government	\$ 27,849
Debt service - interest	166
	<u>\$ 28,015</u>

NOTE 11 - PENSION PLAN

VERMONT MUNICIPAL EMPLOYEES' RETIREMENT SYSTEM

Plan Description

The Vermont Municipal Employees' Retirement System (VMERS) is a cost-sharing, multiple-employer defined benefit pension plan that is administered by the State Treasurer and its Board of Trustees. The plan was established effective July 1, 1975, and is governed by *Title 24, V.S.A. Chapter 125*. It is designed for school districts and other municipal employees that work on a regular basis and also includes employees of museums and libraries if at least half of that institution's operating expenses are met by municipal funds. An employee of any employer that becomes affiliated with the system may join at that time or at any time thereafter. Any employee hired subsequent to the effective participation date of their employer who meets the minimum hourly requirements is required to join the system. Employees of the Town other than Teachers are eligible to participate in the VMERS providing they work on a regular basis for not less than 30 hours a week and for not less than 1,040 hours for the school year.

The general administration and responsibility for formulating administrative policy and procedures of the Retirement System for its members and their beneficiaries is vested in the Board of Trustees consisting of five members. They are the State Treasurer, two employee representatives elected by the membership of the system, and two employer representatives-one elected by the governing bodies of participating employers of the system, and one selected by the Governor from a list of four nominees. The list of four nominees is jointly submitted by the Vermont League of Cities and Towns and the Vermont School Boards Association.

All assets are held in a single trust and are available to pay retirement benefits to all members. Benefits available to each group are based on average final compensation (AFC) and years of creditable service. VMERS does not issue stand-alone financial reports, but instead are included as part of the State of Vermont's Comprehensive Annual Financial Report (CAFR). The CAFR may be viewed on the State's Department

NOTE 11 - PENSION PLAN (CONTINUED)

of Finance & Management website at:

http://finance.vermont.gov/reports_and_publications/cafr.

Benefits Provided

The pension plan is divided into four membership groups:

- Group A – general employees whose legislative bodies have not elected to become a member of Group B or Group C
- Groups B & C – general employees whose legislative bodies have elected to become members of Group B or Group C
- Group D – sworn police officers, firefighters and emergency medical personnel

The Town participates in Group B. Benefits available to each group are based on average final compensation (AFC) and years of creditable service, and are summarized below:

VMERS	Group A	Group B	Group C	Group D
Normal service retirement eligibility	Age 65 with 5 years of service, or age 55 with 35 years of service	Age 62 with 5 years of service, or age 55 with 30 years of service	Age 55 with 5 years of service	Age 55 with 5 years of service
Average Final Compensation (AFC)	Highest 5 consecutive years	Highest 3 consecutive years	Highest 3 consecutive years	Highest 2 consecutive years
Benefit formula – normal service Retirement (no reduction)	1.4% x creditable service x AFC	1.7% x creditable service x AFC + previous service; 1.4% x Group A service x AFC	2.5% x creditable service x AFC + previous service; 1.4% x Group A service x AFC; 1.7% x Group B x AFC	2.5% x creditable service x AFC + previous service; 1.4% x Group A service x AFC; 1.7% x Group B x AFC; 2.5% x Group C service x AFC
Maximum Benefit Payable	60% of AFC	60% of AFC	50% of AFC	50% of AFC
Post-Retirement COLA	50% of CPI, up to 2% per year	50% of CPI, up to 3% per year	50% of CPI, up to 3% per year	50% of CPI, up to 3% per year
Early Retirement Eligibility	Age 55 with 5 years of service	Age 55 with 5 years of service	N/A	Age 55 with 20 years of service
Early Retirement Eligibility	6% per year from age 65 **	6% per year from age 62 **	N/A	No reduction

TOWN OF FERRISBURGH, VERMONT

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 11 - PENSION PLAN (CONTINUED)

** - A special early retirement factor of 3% per year only for municipal police officers who have attained age 60

Members of all groups may qualify for vested deferred allowance, disability allowances and death benefit allowance subject to meeting various eligibility requirements. Benefits are based on AFC and service.

Contributions

Title 24 VSA Chapter 125 of Vermont Statutes grants the authority to the Retirement Board to annually review the amount of municipalities' contributions as recommended by the actuary of the retirement system in order to achieve and preserve the financial integrity of the fund, and to certify the rates of contributions payable by employers. The Board of Trustees also certifies the rates of contribution payable by employees. Contribution rates for each group are as follows:

VMERS	Group A	Group B	Group C	Group D
Employee Contributions	2.5% of gross salary	4.75% of gross salary to 6/30/15; 4.875% of gross salary after 7/1/15	9.625% of gross salary to 12/31/14; 9.75% of gross salary to 6/30/15; 9.875% of gross salary after 7/1/15	11.125% of gross salary to 6/30/15; 11.35% of gross salary after 7/1/15
Employer Contributions	4% of gross salary	5.375% of gross salary to 6/30/15; 5.50% of gross salary after 7/1/15	6.875% of gross salary to 12/31/14; 7% of gross salary to 6/30/15; 7.125% of gross salary after 7/1/15	9.75% of gross salary to 6/30/15; 9.85% of gross salary after 7/1/15

Employee contributions are withheld pre income tax by the Town and are remitted to the State of Vermont. Such withholdings for the years ended June 30, 2016, 2015 and 2014 totaled \$13,362, \$17,549, and \$14,950, respectively. The Town contributed \$20,031, \$19,858, and \$16,566 for the years ended June 30, 2016, 2015, and 2014, respectively. The Town's total payroll for the year ended June 30, 2016 for all employees covered under this plan was \$364,199.

TOWN OF FERRISBURGH, VERMONT

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 11 - PENSION PLAN (CONTINUED)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2016, the Town reported a liability of \$109,521 for its proportionate share of the net pension liabilities for each plan. The net pension liabilities were measured as of June 30, 2015, and the total pension liabilities used to calculate the net pension liabilities was determined by an actuarial valuation as of that date. The Town's proportion of the net pension liabilities were based on a projection of the Town's long-term share of contributions to each pension plan relative to the projected contributions of all participating towns, actuarially determined.

At June 30, 2015, the Town's proportion was 0.14206% for VMERS, which was an increase of 0.01363% from its proportion measured as of June 30, 2014 for VMERS.

For the year ended June 30, 2016, the Town recognized total pension expense of \$31,619. At June 30, 2016, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	VMERS	
	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 3,462	\$ -
Changes of assumptions	21,811	-
Net difference between projected and actual earnings on pension plan investments	21,159	-
Changes in proportion and differences between contributions and proportionate share of contributions	5,865	-
Contributions subsequent to the measurement date	<u>20,031</u>	<u>-</u>
Total	<u>\$ 72,328</u>	<u>\$ -</u>

\$20,031 reported as deferred outflows of resources related to pensions resulting from Town contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

TOWN OF FERRISBURGH, VERMONT

NOTES TO FINANCIAL STATEMENTS

2020	-
Thereafter	-

Significant Actuarial Assumptions and Methods

The total pension liability for the June 30, 2015 measurement date was determined by an actuarial valuation as of June 30, 2014 rolled forward to June 30, 2015 using the actuarial assumptions outlined below. These assumptions were selected on the basis of the experience study that was performed for the five-year period ending June 30, 2010:

Investment Rate of Return: A select-and-ultimate interest rate set is used, specified below. The interest rate is restarted every year:

Year 1: 6.25%	Year 10: 8.50%
Year 2: 6.75%	Year 11: 8.50%
Year 3: 7.00%	Year 12: 8.50%
Year 4: 7.50%	Year 13: 8.50%
Year 5: 7.75%	Year 14: 8.50%
Year 6: 8.25%	Year 15: 8.50%
Year 7: 8.25%	Year 16: 8.75%
Year 8: 8.25%	Year 17 and later: 9.00%
Year 9: 8.50%	

Mortality rates for active participants in the VMERS plan were based on 50% of the probabilities in the 1995 Buck Mortality Tables for males and females, non-disabled retirees and terminated vested participants were based on the 1995 Buck Mortality Tables with no set-back for males and a one-year set-back for females, disabled retirees were based on the RP-2000 Disabled Life Tables, and the 1995 Buck Mortality Tables for males and females was applied to beneficiaries.

Inflation: the separately stated assumptions for investment return, salary increases and cost of living adjustments for both plans are consistent with an expected annual inflation rate of 3.00% to 3.25% per year.

Spouse's age: assumptions used in the June 30, 2014 valuation set a husband's age at three years older than their wives.

TOWN OF FERRISBURGH, VERMONT

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 11 - PENSION PLAN (CONTINUED)

Cost-of-Living adjustments to benefits of terminated vested and retired participants were assumed to occur at the rate of 1.5% per annum for Group A members and 1.8% per annum for members of Groups B, C and D of the VMERS plan.

Actuarial Cost Method is the Entry Age Normal – Level Percentage of Pay.

A smoothing *asset valuation method* was used for funding purposes, under which the value of assets for actuarial purposes equals market value less a five-year phase-in of the differences between actual and assumed investment return. Then value of assets for actuarial purposes may not differ from the market value of assets by more than 20%.

The *long-term expected rate of return* on the VMERS plan investments was determined using best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) developed for each major asset class using an econometric model that forecasts a variety of economic environments and then calculates asset class returns based on functional relationships between the economic variable and the asset classes. These best estimate ranges were combined to produce forecasts of the short, intermediate, and longer term horizons by weighting the expected future nominal rates of return by the target asset allocation percentage. The various time horizons in the forecast are intended to capture more recent economic and capital market conditions as well as other plausible environments that could develop in the future over economic cycles. To reflect this in the rate-of-return assumption, a Select and Ultimate assumption setting approach, which is cited in Section 3.8.4 of Actuarial Standard of Practice No. 27 as an alternative to a single assumed rate of return, is employed.

Best estimates of arithmetic rates of return for each major asset class included in the target asset allocation as of June 30, 2015 are summarized in the following table:

Asset Class	VMERS	
	Target Allocation	Long-term Expected Real Rate of Return
Equity	31.50%	8.61%
Fixed income	33.00%	1.91%
Alternative	15.50%	6.93%
Multi-strategy	20.00%	4.88%
Total	100.00%	

TOWN OF FERRISBURGH, VERMONT

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 11 - PENSION PLAN (CONTINUED)

Nominal long-term expected rates of return for these asset classes are equal to the sum of the above expected long-term real rates and the expected long-term inflation rate of 3.0%

Discount Rate

The discount rate used to measure the total pension liability was 7.95%. The projection of cash flows used to determine the discount rate assumed that contributions will continue to be made in accordance with the current funding policy. Based on these assumptions, the fiduciary net position was projected to be available to make all projected future benefit payments to current VMERS System members. The assumed discount rate has been determined in accordance with the method prescribed by GASB 68.

Sensitivity of the Town's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the Town's proportionate share of the net pension liability calculated using the discount rate of 7.95%, as well as what the Town's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.95%) or 1 percentage point higher (8.95%) than the current rate:

	1% Decrease	Discount Rate	1% Increase
<u>VMERS:</u>			
Discount rate	6.95%	7.95%	8.95%
Town's proportionate share of the net pension liability	\$ 218,761	\$ 109,521	\$ 17,947

Pension Plan Fiduciary Net Position

The schedule of employer allocations and schedule of pension amounts by employer are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles. The schedules present amounts that are elements of the financial statements of the Vermont Municipal Employees' Retirement System (VMERS) or its participating employers. VMERS does not issue stand-alone financial reports, but instead are included as part of the State of Vermont's Comprehensive Annual Financial Report (CAFR). The CAFR can be viewed on the State's Department of Finance & Management website at: http://finance.vermont.gov/reports_and_publications/cafr

TOWN OF FERRISBURGH, VERMONT

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 12 - RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the Town carries commercial insurance or participates in a public entity and self-insured risk pool sponsored by the Vermont League of Cities and Towns.

Based on the coverage provided by the insurance purchased, the Town is not aware of any material actual or potential claim liabilities which should be recorded as of June 30, 2016. There were no significant reductions in insurance coverage from that of the prior year and amounts of settlements have not exceeded insurance coverage in the past three years.

In addition, the Town is a member of the Vermont League of Cities and Towns (VLCT). The VLCT has set up three insurance trusts; the Property and Casualty Intermunicipal Fund, Inc. (PACIF) for multi-line insurance; the Vermont League of Cities and Towns Health Trust (VLCTHT) for health, life and disability coverage; and the Vermont League of Cities and Towns Unemployment Trust, Inc. (VLCTUT) for unemployment compensation. PACIF, VLCTHT and VLCTUT are nonprofit corporations formed to provide insurance and risk management programs for Vermont cities and towns and is owned by the participating members. The Trusts are not licensed insurance carriers and members are not protected by the Vermont Insurance Guaranty Association.

To provide insurance coverage, PACIF has established a self-funded insurance trust. It provides extensive coverage for losses to member municipalities for property damage, auto accidents, injured employees, public official liability and employment practices liability, members gain additional benefits from PACIF's unique public safety and risk management programs as well as dedicated in-house claims adjusters. In the event that total contributions assessed to and made by all members result in an actual or projected financial deficit and PACIF is unable to meet its required obligations, the Program will be terminated with each members assessed their proportionate share of the deficit.

To provide insurance coverage, VLCTHT has established a self-funded fully insured program in conjunction with Blue Cross and Blue Shield (BCBS). A portion of member contributions is used to purchase reinsurance and to fund a reserve required by the reinsurance. Benefits available include dental insurance, flexible spending accounts, life insurance, disability insurance, and long-term care insurance. Contributions in excess of claims requirements, reserve fund requirements, reinsurance and administrative costs are returned to participants. The pooling agreement does not permit the pool to make additional assessments to its members.

TOWN OF FERRISBURGH, VERMONT

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 12 - RISK MANAGEMENT (CONTINUED)

To provide unemployment coverage, VLCTUT has established a separate trust of funds from member contributions to pay administrative costs, unemployment claims, and provide excess reinsurance protection. Contributions are based on payroll expense and the previous two-year unemployment compensation experience. In the event that total contributions assessed to and made by all members result in an actual or projected financial deficit and VLCTUT is unable to meet its required obligations, the Program will be terminated with each members assessed their proportionate share of the deficit.

NOTE 13 - CONTINGENCIES

With regard to pending legal claims or any unasserted claims, it is not feasible at this time to predict or determine their outcome. Management believes, however, that settlement amounts, if any, will not have a material adverse effect on the Town's financial position.

The Town participates in various intergovernmental grant programs which may be subject to future program compliance audits by the grantors or their representatives. Accordingly, the Town's compliance with applicable grant requirement may be established at some future date. The amount, if any, of any liabilities arising from the disallowance of expenditures or ineligibility of grant revenues cannot be determined at this time.

NOTE 14 – RELATED PARTY

While performing our test work for the above mentioned year end, it was noted that a member of the Board of Selectmen and the Town Clerk are related. We understand that this is a well-known fact in the Town. As a result of this relationship, we understand that the Board member offered to resign during the year because of some of the related challenges that may occur. While we noted no issues as a result of this audit, we recommend that the Board member abstain from any signing of payroll warrants or other business transactions that may relate directly to the Town Clerk.

NOTE 15 - RESTATEMENT

The net position of the governmental activities has been restated at July 1, 2015 to adjust the prior year deferred outflows of resources for deferred amounts on pensions related to the implementation of GASB Statement No. 68 *Accounting and Financial Reporting for Pensions—an amendment of GASB Statement No. 27 (Issued 06/12)*. As a result, the beginning balance of the deferred amount on pensions has been reduced by \$17,548 to a balance of \$22,259 and the beginning balance of the net position of the governmental activities has been reduced by \$17,548 to a balance of \$3,583,827.

Proven Expertise and Integrity

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Selectmen
Town of Ferrisburgh
Ferrisburgh, Vermont

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Ferrisburgh, Vermont as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Town of Ferrisburgh, Vermont's basic financial statements, and have issued our report thereon dated November 28, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of Ferrisburgh, Vermont's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Ferrisburgh, Vermont's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Ferrisburgh, Vermont's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Ferrisburgh, Vermont's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
